FlashMAX ≫

Portable USB Duplicator

The fastest, most reliable way to make multiple copies of your USB drives

up to 39 USB

Make multiple copies in minutes!

FlashMAX USB duplicators easily and reliably create multiple copies of your USB drives without a computer or cumbersome software. Each USB channel has dedicated copy throughput of 33MB per second. Asynchronous copy mode* allows each channel to function independently and copies directly from 256MB of built-in memory so there is no need to interrupt a copy cycle. Source Analysis feature identifies the content on the master and intelligently copies only the data to speed up the copy cycle. Fast, reliable, convenient and cost-effective to operate, FlashMAX USB duplicators help you to get more done in less time!

HI-SPEED CERTIFIED USB

Also Available in 15 & 31 Targets

up to 31 USB

up to 15 USB
